LOCK & SAVE PRODUCE BIN®

自锁式可堆栈卡板箱

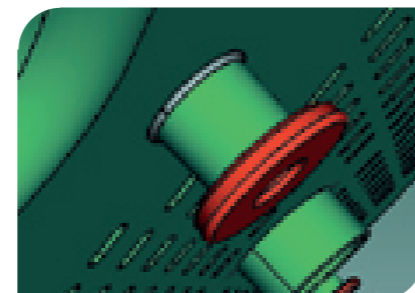

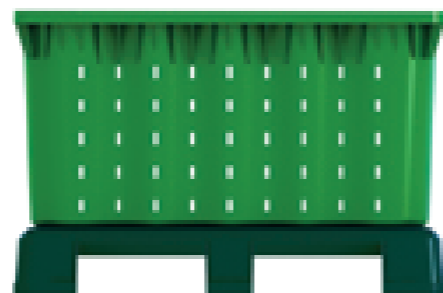

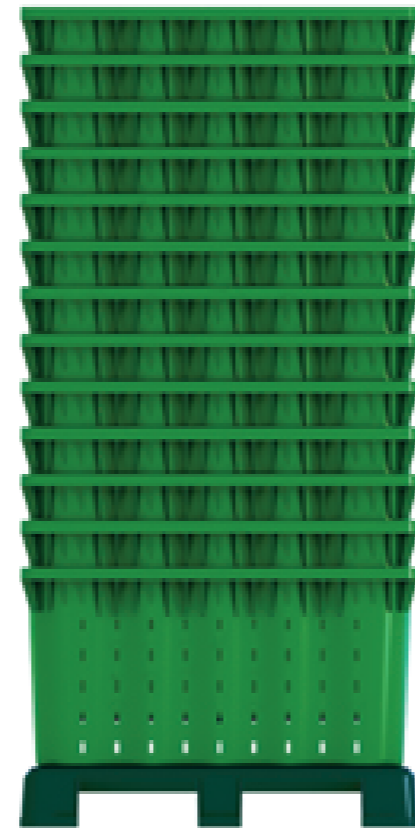

Australia's strongest, most versatile storage and transport solution
来自澳大利亚的设计，牢固至极与性价比最高的大型卡板箱

The Lock & Save Produce Bin® and Pallet design gives you maximum storage and stacking capability.

卡板可堆栈，箱体可嵌套

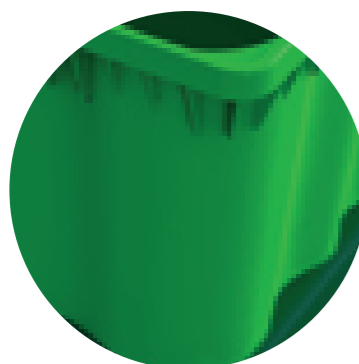

Corrugated and chamfered design reduces food damage and is easy to clean.

箱体波纹设计能有效抵消冲击力，从而保护产品，同时也便于清洗

2-Way Pallet with vented holes
Patented Lock and Unlock technology for one-person operation and maximum stacking.

独特的锁扣设计便于框子与卡板分离与连接

Stacking / Nesting

Solid and Vented truck load ability on Pantech / T-Liner

SPECIFICATIONS

Dimensions

Height External (mm)	780
Height Internal (mm)	642
Length External (mm)	1165
Length Internal (mm)	1090
Width External (mm)	1165
Width Internal (mm)	1090

Nesting Bin 780 Large

Ventilation - Vented and Non-Vented

Unit Weight - 2-Way Vented (kg)	38
Unit Weight - 2-Way Non-Vented (kg)	40
Volume (L)	780
Maximum Load Capacity / Unit (kg)	500
Operating Temperature Range	-30°C to 50°C
Max height 5 high	≤2500kgs

叠放尺寸参考

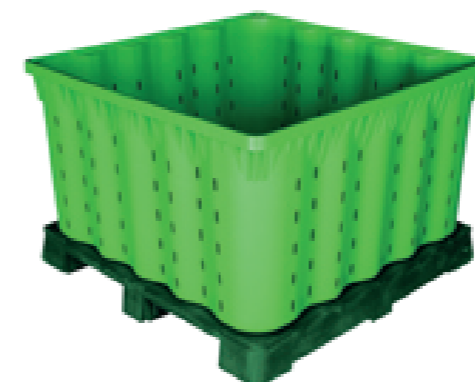

尺寸规格

外部高度(mm)	780
框内高度(mm)	642
外围长度(mm)	1165
框内长度(mm)	1090
外围宽度(mm)	1165
框内宽度(mm)	1090

780L箱体

箱体孔位---有孔 和无孔

单套净重—双面叉入有孔 (kg)	38
单套净重—双面叉入无孔 (kg)	40
体积 (L)	780
单套最大载重(kg)	500
操作温度范围	-30°C to 50°C
最大堆栈高度5层	≤ 2500kgs

KEY FEATURES

- Up to 30% lighter than standard reusable bins
- More durable, using high quality food grade plastics
- Better hygiene control, easy to clean and impervious to moisture
- Unique patented corrugated design and increased ventilation reduces product damage, and improves packout rate
- Patented interlocking 'Lock & Unlock' technology allows for one person operation
- Compatible stacking with existing plastic fruit bins in the market
- Vented and Non-Vented nesting bins
- No liner bag required for meat and poultry storage, reducing packaging costs
- Smallest volume for empty package and saving transporting cost.
- 比普通箱体重量轻30%
- 更耐用，食品级塑胶材料更安全
- 更容易清洁
- 独特的波纹设计能有效抵消冲击力，从而保护产品
- 独特的锁扣结构更易操作
- 能与市面上的瓜果箱一起叠放
- 有孔和无孔两款可选
- 运输肉类无需衬袋，节省包装成本
- 空载包材叠放体积小，更省运输成本
